

Pratt & Whitney  
400 Main Street  
East Hartford, CT 06108

July 13, 2006

ATTN: Mr. Don Rowland  
Integrity EDM  
610 Maple Street  
Tipton, IN 46072

Dear Mr. Rowland:

Pratt & Whitney (P&W) has qualified Integrity EDM as a source of PWA 97 EDMR on cobalt and nickel base alloys.

The P&W Materials Control Laboratory Manual "F" Section, establishes controls for chemical and metallurgical processing performed by P&W qualified sources. Compliance with these controls, and with applicable specifications, is necessary for continued qualification.

Continuance of this qualification also depends on maintaining facilities, procedures, equipment, and controls, to P&W standards as determined by our periodic surveys, and our routine testing of your product. Qualifications for materials and procedures not used on P&W parts for one year, may be discontinued at the discretion of P&W.

Sincerely,

Paul Bardwell, Supervisor
